## Observations... From Around Town

(BY JAY WHOZIT)

As much as we hate to do it, folks, we feel it is our duty to remind you that Monday is the 15th of March, and if you've forgotten what that date is, we'll tell you—it is the deadline for the filing of your 1947 income tax return, so you stragglers had better get busy now, or it will be—*not the devil—but Uncle Sam* to pay... and speaking of paying have you sent in your Red Cross contribution yet? ... if not, then mail or bring your check or cash to Mr. E. J. Arceneaux, chairman, or one of his assistants... also for your own benefit let us remind you again that March 31st is the last date on which to file your application for Homestead Exemption... from all accounts the Stanislaus Alumni banquet held at the St. Charles Hotel in New Orleans on last Sunday evening was a grand success, with old grads from as far back as 1885 to the present date attending... if you are a lover of good music be sure to attend the Stanislaus Band Concert on Monday evening at the St. Joseph Academy auditorium, when Brother Romuald will present his pupils in what is expected to be the musical treat of the season... a meeting was held on last Monday evening at the Court House for the purpose of naming a committee to formulate plans for raising the necessary funds for the building of a new Hancock County Hospital here in Bay St. Louis, to cost approximately \$200,000.00, one third of which would be raised locally with the state, Federal Governments furnishing the balance... this is a swell move on the part of the doctors and citizens, but there are a lot of kinks which would have to be ironed out before such a project could be undertaken... and before it skips our mind, Mr. Mayor, you'd better have your men put up some kind of barrier on the beach side of Front Street between State street and deMontuzin Avenue, or else some night there is going to be a terrible accident with possible loss of life, because that is a rather dark spot after sundown and there is at least a ten-foot drop from the street and there is a gradual erosion of the fill beneath the road—a few loads of dirt may save it... the heavy rains of the past few weeks have played havoc with the temporary beach roadway, and it is almost impassable in some spots... it's getting to a point now where something will just have to be done... see the new Futurama Oldsmobile now on display at Ben Hill's garage on South Front Street... the Bay St. Louis Softball League was formed this week and if you are interested and want to enter a team or play on one of those already organized get in touch with Vincent Morreale... Governor Fielding L. Wright was a visitor to the Coast on Tuesday of this week, when he was one of the principal speakers at a mass meeting held at Gulfport, denouncing President Truman's civil rights proposals... the date for the St. Joseph Academy Junior-Senior Prom has been announced for April 10th... the hurricane party to be given by the Little Theatre organization for the benefit of their building fund will be held on Saturday, April 3rd... the Regional Boxing Tournament is being held this week Thursday, Friday and Saturday nights at Bay High gym.

## St. Stanislaus Band To Present Interesting Program At Concert

"Spirit Of Ole Miss" Composed By Brother Romuald To Be Opening Number—Student Soloists To Be Featured Will Be Norman Carnovale and Jack Dresher—Saxophone Quartet To Perform

The program of the annual Spring Concert which will be given by the Saint Stanislaus Band on Monday, March 15, includes such a variety of musical selections that it is bound to offer real enjoyment to any audience.

The "Spirit of Ole Miss," a march composed by Brother Romuald, will be featured as the opening number of the program. Brother Romuald wrote this march on the occasion of the 1947 Mississippi State Band Clinic which was held at the University of Mississippi (Ole Miss) last December.

Then, don't forget that there will be a great violin soloist who will perform Schlabach's Violin Concerto in A Minor. This solo will be accompanied by the Stanislaus Band.

Among the student soloists who will be featured may be mentioned, Norman Carnovale who will play "Interlude," a composition of Mr. Morrissey, the Director of Tulane University Band. This is a sort of a "swing" clarinet solo with band accompaniment. Jack Dresher, will demonstrate what the possibilities of the slide trombone are in "Raggy Trombone," a real jazzy number.

The saxophone quartet will reveal the pleasing tone effects of a well balanced group of this type of instrument.

The two overtures, "Rustucon" by Carl Frankkiser, and "Mountain Majesty" by Paul Yoder, are two very fine semi-classical compositions. The contrasts in tempos and arrangement make these selections very interesting and pleasing.

All the members of the band are looking forward to playing this program before a large audience. Several of the Coast Band Directors will attend the concert. So, how about making a date with the Stanislaus Band on Monday night, March 15?

## Circuit Court Convened On Monday

Grand Jury Filed Three  
Indictments And Final  
Report Wednesday

The Circuit Court of Hancock County convened on Monday morning with the Honorable Lawrence C. Corban, Circuit Judge, Presiding. Other Officers of the Court in attendance were Hon. Luther Maple, District Attorney, B. D. Johnson, Sheriff, A. C. Mitchell, Clerk, and R. L. Murphy, Official Court Reporter.

Octave Delph, merchant of Bay St. Louis was named foreman of the grand jury, and this body adjourned on Wednesday for the term, filing their final report which is set out below. The grand jury returned three indictments.

To Hon. L. C. Corban Circuit, Court Judge:

We the Grand Jury empaneled for the March 1948 Term of the Circuit Court of Hancock County, having concluded our labors beg to make this our final report.

We have been in session 3 days, have examined 32 witnesses, have investigated 12 separate alleged offenses and have returned 3 indictments.

We have inspected the County Home, and desire to make the following recommendation in regard to necessary repairs and improvements: That the floors of the building now occupied by the inmates should be repaired for the protection of the inmates, the screens are in bad state of repair and these should be immediately repaired and replaced where necessary. The building used as a dormitory is in need of a new foundation, the present foundation being in bad shape on account of the re-house relative to the building of a new hospital in Bay St. Louis.

Dr. Bedford Floyd presided at the meeting and ways and means of securing sufficient funds to meet State and Federal aid for the erection of a hospital was discussed but no definite action was taken.

A steering committee was named composed of Dr. Floyd, Mrs. R. M. Boh, Bay St. Louis, Harry Stone, Lakeshore, Joseph Colson, Waveland, and E. J. Arceneaux, Sr., Bay St. Louis. This committee will hold a special meeting this week and other appointments will be made.

We have examined the County Jail and we find the jail generally to be in good state of repair. There is need for more cleanliness in its keeping, and we recommend that it be kept clean and sanitary.

We have examined the Court House and the offices occupied by the various County Officers to be in fairly good condition, the records seem to be generally well kept as far as we are able to ascertain from our limited opportunity to investigate these records.

We find a good many records now stored in the attic or third story of the Court House Building. These records are not stored in such a way as to be of any use to the County and are not preserved and in our opinion should be preserved, and as they are presently stored they are deteriorating very fast as they are now stored, and we recommend these records be removed to a separate fire-proof building or some other adequate facility located upon the Court House grounds for preservation and keeping of these records for future use.

We do not find connected with the Court House any adequate fire escapes, and this is particularly true with reference to the jury room or sleeping quarters provided for jurors, and we recommend that adequate fire escapes be provided for the Court House where the occupants may escape from a fire in case of a fire safely.

There appears to be some need of repair in the flooring of the jury room or sleeping quarters provided for the jury, and this should be at once repaired, and that fire extinguishers should be provided for the entire building; there is also need for more care in keeping the Court House clean and this is true particularly of the second and third floors.

We have gone particularly into the school administration in the County, and we find there is a definite need in better supervision and attention to the care, inspection and inventoring of 16th Section Lands the timber located thereon and other resources belonging to these lands. There does not appear to have been a proper accounting for the funds derived from the sale of these assets, and it is recommended that the County Supt. of Education make a careful study of the Lieue Lands belonging to Hancock County and the assets belonging to these lands, and make a detailed report of same to the next Grand Jury of the values, timber, land, and stumps and

## Body Of Fourth Victim Of Plane Crash Found

The body of Miss Dorothy Brunell Elmore, one of the four victims of an air plane crash in Pearl River on February 11, was found Saturday by Louisville and Nashville Railroad employees in the marsh off English Lookout.

Locating the body were Leroy Necaise and Buck Asher who were patrolling the railroad because of high water, and Hugh Musgrove, L. & N. section foreman. The other three bodies had been located previously.

Sheriff B. D. Johnson, of Hancock County was notified and immediately sent the boat the Paririe Rose to where the plane was found. It was about three fourths of a mile from where the plane went down. Miss Elmore's body was returned to the Boarding fishing camp at Lakeshore. The body was brought to Bay St. Louis to the Fahey Funeral Home and shipped Sunday afternoon to Columbus, Ga., for burial at Graceville, Florida.

### ANNOUNCE DATE OF

other assets belonging to these lands, and what disposition has been made of these lands or the assets connected therewith and accounting as to the proceeds derived from such sales.

We further find that the buses now in operation in the hauling of school children are generally in a poor state of repair, many of the buses are not fit to haul our children to and from school, that many of the buses do not have adequate seating capacity and many of the buses do not have safety devices that should be installed on all the buses, that inspection of these buses is not made as regular as it should be in our opinion, and we recommend that inspections be made periodically, at least once in each 90 days, and that the County Supt. of Education be furnished with such evidence showing these inspections have been made, and that all school buses be marked so the traveling public can determine which is a school bus in approaching from either direction; we also find that many of the schools do not have adequate marking signs along the highways in approaching these schools, and we recommend that such signs be provided, and where possible that these signs be painted on the highways in approaching schools from either direction; we also find that many of the buses used in transporting children are also used for hauling stock and other merchandise that tends to destroy the usefulness of these buses for the purpose of transporting children and we recommend that these buses be used only in hauling such commodities as will not cause these buses to be unsanitary, filthy and unfit for general use in the comfortable and healthy transportation of children.

There being no further business as we know now before us to report, we ask that we may be finally discharged for the term.

Respectfully submitted,  
O. W. Delph, Foreman.

### Grand Jury Report

The court will finally adjourn on Saturday. Only one case was tried that of the State Vs. Arthur Marson, who was discharged on an instructed verdict from the court.

## 200 Stanislaus Alumni Attended Meeting In New Orleans Sunday

Guest Speaker Pays Tribute To Brother Peter, Asserting That The Alumni Had Met To Honor Their President—That Brother Peter "For 40 Years Has Lived The Life, And to a Definite Degree Had Been The Life Of St. Stanislaus"

Some 200 Stanislaus graduates met at the St. Charles Hotel in New Orleans this past Sunday to pay tribute to Brother Peter, president of the school.

The graduates coming from classes as far back as 1885 acclaimed Guest Speaker Charles H. Logan's assertion that they had met in order to honor their president.

Logan, New Orleans industrial relations counsel, told the alumni that Brother Peter "for 40 years has lived the life, and to a definite degree had been the life of St. Stanislaus."

The Very Rev. Thomas J. Shields, S. J., president of Loyola University, also addressed the gathering. Father Shields showered high praise upon the work of the Brothers of the Sacred Heart in general and upon Brother Peter and St Stanislaus in particular.

Brother Peter, told of the recent hurricane, and of other hurricanes. His talk brought out the fact that no hurricane or any other disaster could wreck the spirit of Stanislaus or cause its sons to lose the love they hold for their Alma Mater.

Joe Wilbert, prominent member of the alumni, gave an inspiring talk about his days at the college.

Among the oldest alumni present were John J. Cox, New Orleans, class of 1885; James F. Terrell, New Orleans, class of 1892 and Charles H. Munsen, Reserve, class of 1896.

Prominent clergymen alumni present, included the Rev. Ignatius F. Achter, Grand Coteau, class of 1928; the Rev. Sherman Cobb, O. S. B., 1923 and Brother Carol, S. C., principal of Catholic High School, in Donaldsonville.

Other guests included Wm. McG. Keefe, sports editor of the Times-Picayune; Brother Casimir, principal of Catholic High School in Baton Rouge; Brother Martin, principal of St. Aloysius High School in New Orleans; and Harold Weston, president of the Sidelines Club.

Three generations were represented in the Voelkel family—John J. Voelkel, Sr. prominent in the field of sports in New Orleans for over half a century; his son John J. Voelkel, Jr. and grandson, John J. Voelkel III.

There were three generations of coaches, also. Forster Commagere, who coached "Bay Grand" Scaife, who later coached Richard Thames, Pete Burge's present assistant.

Michael Irwin, 1916, alumni president, was in charge of arrangements and master of ceremonies. Mr. Irwin was ably assisted by Linden F. Braud, 1904, first president of the Alumni Association.

# FOREST TREE CROPS SUPPORTS STATES LARGEST INDUSTRY

Jackson, Miss. (Special)—Mississippi with some sixteen million acres of forest lands led the nation in the production of forest products for a period of several years from 1909 and 1919 and at this time stands

sixth from the top with only Oregon, Washington, California, Alabama and Georgia now producing more than 2,849,198,000 board feet, which was Mississippi's 1947 output. The pulpwood industries in Mississippi may be classified as comparatively new or young and as reflected by the States Severance Tax Division of the State Tax Commission, it is on a rather continuous in-

crease. The records show 446,539 cords were cut in 1940 and 1,291,219 cords were cut in 1947. Of this 1947 output 47 percent was used by mills located in Mississippi while 53 percent of the wood went to mills located outside the state.

The reproductive capacity of our forest depends directly upon the treatment it receives. Ruthless cutting of immature trees, removal of all seed trees of commercial species and uncontrolled forest fires are the three danger practices facing future forest productivity.

Education or complete understanding of the capabilities of our forest lands by the respective owners is the solution of our timber problem. Education must come through demonstration, practical advice and law enforcement. The Mississippi Forestry and Chemurgic Association, along with other private and agencies, has for many years promoted plans to assure the leaving of seed trees for commercial species on all forest lands, control of forest fires by state and federal supported statewide suppression organization, and the practice of logging methods that

will assure a continuous cutting cycle to remove the mature and protect the young growing trees.

Nature provides the seeds for our new forests, where seed trees are spared, but much of the responsibility for growth and protection of the young trees rests with humans. If our growing timber is to reach its full maturity value, fires must be kept out of the woods. Proper management of our woodlands will produce high-quality trees. The young seedlings will grow faster if their future is planned with good forest practices.

## OIL AND GAS CONSERVATION BILL PROSPECTS BRIGHTER

Prospects of a new and modern oil and gas conservation law for Mississippi moved a step nearer reality this week, as the House-approved bill was scheduled for action on the floor of the Senate.

While the Senate conservation committee had not completed action on the House Bill at week-end, Senator Stanton Hall (Hattiesburg) chairman of the committee, scheduled a conference for early this week to wind up details, and said he hopes to get the committee-approved bill as special business order before this week-end.

Senator Lawrence Adams (Natchez) chairman of the committee's sub-committee on gas and oil, and who introduced a Senate bill similar to the original House Bill, said his group has agreed on several changes in the House bill, but that its general effect will be the same. Since no action had been officially taken by the whole committee at week-end, details of the prospective changes have not yet been made public. Most of the changes, however, are of a minor nature, Senator Adams said.

All Senate committeemen are reported favoring the fundamental principles of the bill, however, which would replace the state's ancient conservation bill, passed in 1932; just after natural gas had been discovered and seven years before the Tinsley strike brought the first oil production. Under the present act, three ex-officio members of the State Oil and Gas Board set all rules for drilling, spacing, producing, plugging and prospecting for gas and oil; the new setup provides a full-time board, as recommended by Governor Fielding Wright, with broad authority over all phases of the industry, but with fundamental regulations written into the law, particularly those sections prohibiting and defining waste.

With a meeting scheduled for Tuesday to wind up action of the last sections of the House-approved bill, Senator Hall said that he believes the bill can be brought to the Senate floor not later than Thursday, and that by this week-end the measure will have been passed. The bill would have to go back to the House for agreement to any changes made by the Senate, or for a conference committee to agree on a compromise between the two houses.

The regular monthly meeting of the S. J. A. Parents Club was held in the school library on Tuesday, March 2nd, 1948.

Mrs. Octave Delph presided at the meeting which was opened with a prayer by Mother Blanche. Minutes of the February meeting were read and the treasurer's report given.

Financial returns of the Carnival Ball were made. Ways and means of enlarging the amount realized on the ball were discussed for next year's use.

Thanks were given to all who helped in any way in this endeavor. A donation was made to the National Council of Catholic Women.

It was announced that Mrs. W. Wittesberger will give a talk on the Cancer Control and Mrs. George Gilbert will speak on the N. C. C. W. at the April meeting.

A check for \$1000.00 the proceeds of the Carnival Ball was presented to Mother Blanche, to help in the repairs of the school.

We use thousands of poles each year. Some are used on new lines—others replace old poles which have worn out. The price of these poles together with cross arms, hardware and wires for them has increased enormously across the past ten years. Maintenance and construction wages have also been advanced to meet the increased cost of living. And yet, electric service for your home is one item which costs you no more than before the war. In fact, the average revenue received per kilowatt-hour is substantially less than before the war.

Tax Collector of this County is hereby authorized and directed to change the Copy in his possession, to conform with the provisions of this order, and the Sheriff and Tax Collector be given the proper credit therefor, including district taxes, and Homestead Exemption, if any, be adjusted.

The Board recessed until Saturday, February 21st, at 10:00 o'clock A. M.

ED P. ORTTE  
President of the Board  
Saturday morning, February 21st, 1948, the Board met pursuant to recess. There were present as on Friday, February 6th, 1948.

Whereas, application has been made by the Sheriff and Tax Collector of Hancock County to the Hon. Fielding L. Wright, Governor of the State of Mississippi, under Chapter 204 of the Laws of 1944, for an extension of time for the imposition of a penalty or penalties, as provided by said Chapter upon the payment of taxes, and Whereas, the Hon. Fielding L. Wright, Governor of the State of Mississippi, has issued the following proclamation, to-wit:

MISSISSIPPI  
EXECUTIVE DEPARTMENT  
JACKSON

PROCLAMATION  
Whereas, B. D. Johnson, Sheriff and Tax Collector of Hancock County, Mississippi, commenced his term of office on January 5, 1948, and at that time the tax receipts for the collection of taxes upon real and personal assessments, for the fiscal year 1947-48 had not been prepared and that, therefore it was and is impossible for said Sheriff and Tax Collector to accept the payments of ad valorem taxes until such times as said index and tax receipts have been prepared; and,

Whereas, for the reasons stated above it appears that there will be a necessary and unavoidable delay in the payment of ad valorem taxes in said Hancock County, Mississippi, and that unusual conditions exist in said Hancock County where neither the tax payer nor the tax collector has been negligent or is responsible for the delay incident to such tax payments;

Therefore, I, Fielding L. Wright, Governor of the State of Mississippi, by virtue of the authority vested in me by Chapter 204, Laws of 1944, do hereby find and proclaim that because of said unusual conditions existing in Hancock County, Mississippi, it will be impossible to receive and collect all such ad valorem taxes on or before the due date of February 1, 1948, and that neither the tax payer nor the tax collector have been negligent or responsible for the delay incident to making such payments; and I do, therefore, extend the time for the imposition of the penalty provided by said Chapter 204, Laws of 1944, for a period of sixty (60) days from and after February 1, 1948.

In TESTIMONY WHEREOF, I have this day set my hand and caused the Great Seal of the State of Mississippi to be affixed, this 23rd day of January, 1948.

## Boxing Tournament Should Be A Success

The State Boxing Tournament, which started Thursday night, should be one of the best held in Bay St. Louis in years. Up to Tuesday afternoon sixty five boys had been entered, which should give fans approximately sixty fights.

Many of these boys have had quite a bit of experience, and such boys as Colson of Bay Hi, Mills of St. Stanislaus, Ward of Biloxi, and Suttle of G. C. M. A. should furnish some fine entertainment.

Friday and Saturday night cards should be better than anything seen here in many years.

## Sellers Loses in South Miss. Basketball Tourney

The Sellers boys, winners of the County and Gulf Coast Regional Bas-

ketball Tournaments, lost out in the first round of the South Mississippi tournament to everyone, G. C. they were defeated by Brooklyn. Box scores will be given later if they can be obtained.

## Of Interest To Dove and Water Fowl Hunters

Just received a letter from Mr. R. M. Freeman, which is reproduced below. Read it carefully and be sure and send in your recommendations. A little help from the sportsmen can go a long way toward equalizing bag limits and seasons, but it is too late to grumble and criticize after the laws have been made.

Game and Fish Commission, State of Mississippi, Jackson

March 6, 1948  
Letter to the Mississippi Sportsmen:  
I have recently had a letter from

Mr. Albert M. Day, Director of the U. S. Fish and Wildlife Service, advising me he would like to have recommendations for the open season on water fowl and doves for the next season. I have been advised that we cannot expect the duck season to go beyond the date we had this year which was the 6th of January, and also that we could not expect dove shooting the 1st of September.

I would like for every club in the state to make recommendations as to the dates you prefer for water fowl and dove seasons and these will be the recommendations which will be made to the U. S. Fish and Wildlife Service. I know that there will be considerable difference in the seasons you will recommend for the different parts of the state, but all of the recommendations will be combined and submitted to the U. S. Fish and Wildlife Service some-

time during the first half of April.

Please let us have your recommendations as soon as possible. If you prefer to send these to Mr. Ralph Tatum, President of the State Conservation League, 317 East Pearl Street, Jackson, Mississippi, you may do so.

Yours very truly,  
R. M. FREEMAN  
Director.

## Bay Hi Boxers Lose To G. C. M. A.

In a fine bout card that was a disappointment to everyone, G. C. M. A. defeated Bay High 3-2 Monday night.

Bay High G. C. M. A.  
100 lbs. Poyadou lost to Vodopija  
110 lbs. McArthur lost to Orlando  
112 lbs. Noto won over Taylor  
125 lbs. Schultz won over Robinette  
200 lbs. Bourgeois lost to Harrarwood  
More dope on this card can be read in the "Drippings" division.

## Drippings From the Gravy Bowl

If you hunt duck and doves, be sure to send in your opinion asked for in the open letter printed above.

Up to the present, all legislative bills affecting the Game and Fish Commission have been killed.

High School boxing in Mississippi is being kept alive by six schools. Four of these are on the Coast. Boxing is like the D. D. Bird, about to become extinct.

Monday night's card between G. C. M. A. and Bay High did nothing to help the situation, and everyone was disappointed because only five bouts could be carded.

Bay High School officials were not to blame—G. C. M. A. left three lightweights at home that were badly needed. The visiting Coach called for them to be sent in another car but as I understand it, their commanding officer refused to let them come.

But, a little arranging ahead of time might have avoided a ticklish situation.

A suggestion—any time at least 9 bouts can't be carded two days in advance cancel the entire program.

Am trying to obtain box scores for the Seller-Brooklyn Basketball game in Laurel last Thursday. Just plainly can't lay my hands on them anywhere.

Softball league talk is beginning to get hot. Should be some fine games here this summer.

What about softball for youngsters this summer also. Those summer days can get mighty long to a young boy, but three or four men (who have to work for their money) cannot handle recreation for 75 to 100 boys.

## Rock Ringsters Trounce Demonstration

With probably the most improved boxing team in the state, the St. Stanislaus sluggers are really going to town. Last Thursday night they easily defeated the Hattiesburg Demonstration team 8½ to 1½.

How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, and help build resistance for the "time" to come. Started 9 days before "your time", it should help relieve pain due to purely functional periodic causes. Try it!

## Boxing Tournament Should Be A Success

The State Boxing Tournament, which started Thursday night, should be one of the best held in Bay St. Louis in years. Up to Tuesday afternoon sixty five boys had been entered, which should give fans approximately sixty fights.

Many of these boys have had quite a bit of experience, and such boys as Colson of Bay H. Mills of St. Stanislaus, Ward of Biloxi, and Suttle of G. C. M. A. should furnish some fine entertainment.

Friday and Saturday night cards should be better than anything seen here in many years.

## Sellers Loses in South Miss. Basketball Tourney

The Sellers boys, winners of the County and Gulf Coast Regional Pas-

ketball Tournaments, lost out in the first round of the South Mississippi tournament to everyone, G. C. they were defeated by Brooklyn. Box scores will be given later if they can be obtained.

## Of Interest To Dove and Water Fowl Hunters

Just received a letter from Mr. R. M. Freeman, which is reproduced below. Read it carefully and be sure and send in your recommendations. A little help from the sportsmen can go a long way toward equalizing bag limits and seasons, but it is too late to grumble and criticize after the laws have been made.

Game and Fish Commission  
State of Mississippi  
Jackson

March 6, 1948  
Letter to the Mississippi Sportsmen:  
I have recently had a letter from

Mr. Albert M. Day, Director of the U. S. Fish and Wildlife Service, advising me he would like to have recommendations for the open season on water fowl and doves for the next season. I have been advised that we cannot expect the duck season to go beyond the date we had this year which was the 6th of January, and also that we could not expect dove shooting the 1st of September.

I would like for every club in the state to make recommendations as to the dates you prefer for water fowl and dove seasons and these will be the recommendations which will be made to the U. S. Fish and Wildlife Service. I know that there will be considerable difference in the seasons you will recommend for the different parts of the state, but all of the recommendations will be combined and submitted to the U. S. Fish and Wildlife Service some-

time during the first half of April. Please let us have your recommendations as soon as possible. If you prefer to send these to Mr. Ralph Tatum, President of the State Conservation League, 317 East Pearl Street, Jackson, Mississippi, you may do so.

Yours very truly,  
R. M. FREEMAN  
Director.

## Bay Hi Boxers Lose To G. C. M. A.

In a fine bout card that was a disappointment to everyone, G. C. M. A. defeated Bay High 3-2 Monday night.

Bay High G. C. M. A.  
100 lbs. Poyadou lost to Vodopija  
110 lbs. McArthur lost to Orlando  
112 lbs. Noto won over Taylor  
125 lbs. Schultz won over Robinette  
200 lbs. Bourgeois lost to Harrarwood  
More dope on this card can be read in the "Drippings" division.

## Drippings From the Gravy Bowl

If you hunt duck and doves, be sure to send in your opinion asked for in the open letter printed above.

Up to the present, all legislative bills affecting the Game and Fish Commission have been killed.

High School boxing in Mississippi is being kept alive by six schools. Four of these are on the Coast. Boxing is like the D. D. Bird, about to become extinct.

Monday night's card between G. C. M. A. and Bay High did nothing to help the situation, and everyone was disappointed because only five bouts could be carded.

Bay High School officials were not to blame—G. C. M. A. left three lightweight at home that were badly needed. The visiting Coach called for them to be sent in another car but as I understand it, their commanding officer refused to let them come.

But, a little arranging ahead of time might have avoided a ticklish situation.

A suggestion—any time at least 9 bouts can't be carded two days in advance cancel the entire program.

Am trying to obtain box scores for the Seller-Brooklyn Basketball game in Laurel last Thursday. Just plainly can't lay my hands on them anywhere.

Softball league talk is beginning to get hot. Should be some fine games here this summer.

What about softball for youngsters this summer also. Those summer days can get mighty long to a young boy, but three or four men (who have to work for their money) cannot handle recreation for 75 to 100 boys.

## Rock Ringsters Tounce Demonstration

With probably the most improved boxing team in the state, the St. Stanislaus sluggers are really going to town. Last Thursday night they easily defeated the Hattiesburg Demonstration team 8½ to 1½.

## How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Tastes like a tonic. It should stimulate appetite, aid digestion, thus help build resistance for the "time" to come. Shared 3 days before "your time", it should help relieve pain due to purely functional periodic causes. Try it!

### ORTIE THEATRE SUNDAY - MONDAY "GREEN DOLPHIN STREET"

Starring Lana Turner, Van Heflin, Donna Reed And Richard Hart

One of Hollywood's most spectacular casts was gathered together by M-G-M for the filmation of its prize-winning novel, "Green Dolphin

Street," which comes to the Ortie Theatre screen this week as one of the year's outstanding motion pictures.

Starring Lana Turner, the principals include Van Heflin, Donna Reed, and Richard Hart, with the supporting players headed by Frank Morgan, Edmund Gwenn, Dame May Whitty, Reginald Owen and Gladys Cooper in a cast which includes 5000 players in all.

Miss Turner, appearing on the screen for the first time as a brunette, plays Marianne Patourel, the domineering girl who schemes to

snatch the man her sister loves. Miss Reed, fresh from her success opposite James Stewart in "It's a Wonderful Life," enacts the sister, while the man involved is played by Richard Hart, new Hollywood leading-man discovery, whose first film role was with Greer Garson in "Desire Me."

To Van Heflin falls the part of Timothy Haslam, who flees England to escape punishment for a crime and who complicates Miss Turner's life. It is his first role since his recent success with Joan Crawford in "Possessed."

The picture was produced by Carey Wilson, producer of "The Postman Always Rings Twice," and was directed by Victor Saville, whose last hit was "The Green Years."

### Births Exceeding Deaths Deaths in County

According to Eugenia Alliston, Hancock County Registrar of births and deaths are following the same trend as set in 1947, with births outnumbering deaths better than two to one.

Mrs. Alliston states that there were twenty seven births and twelve deaths for the month of February. Broken down into statistical form there were twenty white births and seven colored.

White deaths numbered ten with colored numbering two.

Fifteen of the twenty whites were born in the Kings Daughters Hospital in Bay St. Louis.

### Congressional Sidelights by Congressman Wm. M. Colmer

We pointed out in this column when the Congress first convened in January that this would be a political Congress. That regardless of the many important issues facing the Congress and the world that it was an election year, and the leaders of both the Democratic and Republican parties were bent upon the election of their candidate to the Presidency come next November.

Shortly thereafter President Truman sent his most controversial message to the Congress on the subject of Civil Rights. It is not necessary here to comment upon the fact that this message shook the very foundation of the Democratic Party, and that the movement threatens to break the "solid South."

The stage is set now to enact one or more of the President's recommendations in this session of Congress. Unless something unforeseen happens the unconstitutional anti-lynch bill will and possibly the anti-poll tax bill, will become a law at this session. We have discussed this whole program with many of the Republican leaders of the Congress. They do not want this program any more than we Southern Democrats want it, but they are determined to pass one or more of these bills before the November election. They reason thiswise: The President has put them on the spot. He continuously goads and needles them into action. They are in control of the Congress. They do not want the President and his Lieutenants to be able to tell the negro and left-wing voters in the campaign that the President did everything within his power to enact these so-called anti-Southern bills, but that a Republican dominated Congress would not carry out his wishes. Therefore, that the thing to do would be to re-elect President Truman and a Democratic Congress, and that he will enact the anti-poll tax, FEPC, anti-lynch and the anti-segregation bills into law. The Republican high command has therefore decided that they will pass one or more of these bills at this session if they have to invoke the rule of cloture (this is simply a limitation of debate) in the Senate, and thereby prevent a filibuster in that body which has always been the protection which the South has enjoyed. With the rule of Cloture invoked Southern Senators would be helpless as Southern Representatives under the rules of debate in the House, to stop these bills.
